

Novgorod the Great

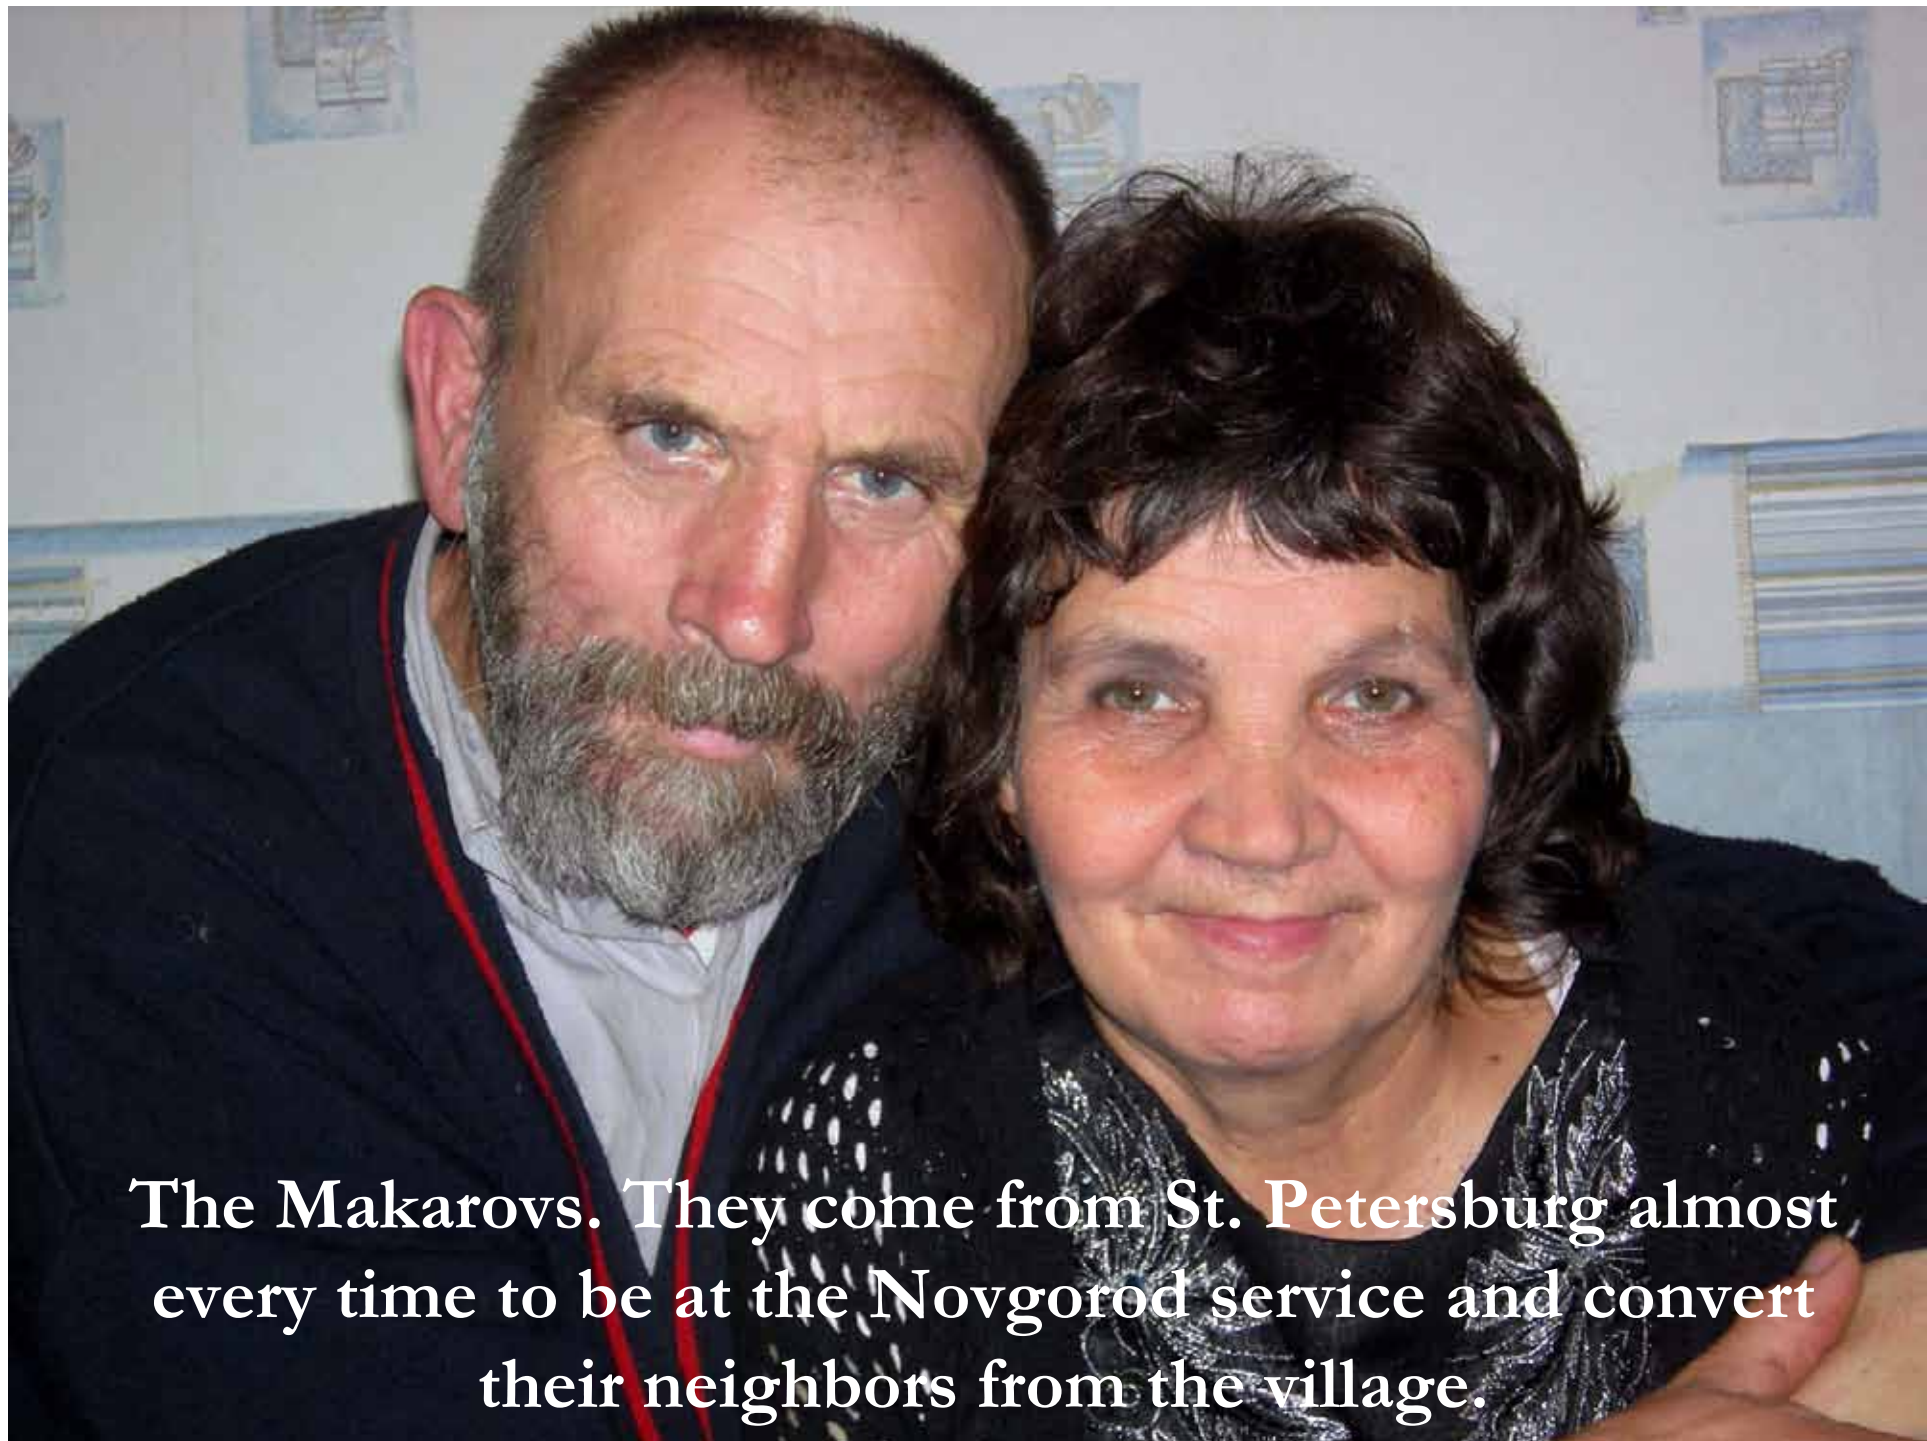

Our brother Kuti came from Nigeria to study at the Novgorod state university. He is taking a course in general medicine.

The first trip to Novgorod. Every two weeks a group of disciples comes from St. Petersburg to preach the Gospel and take part in the Sunday meeting.

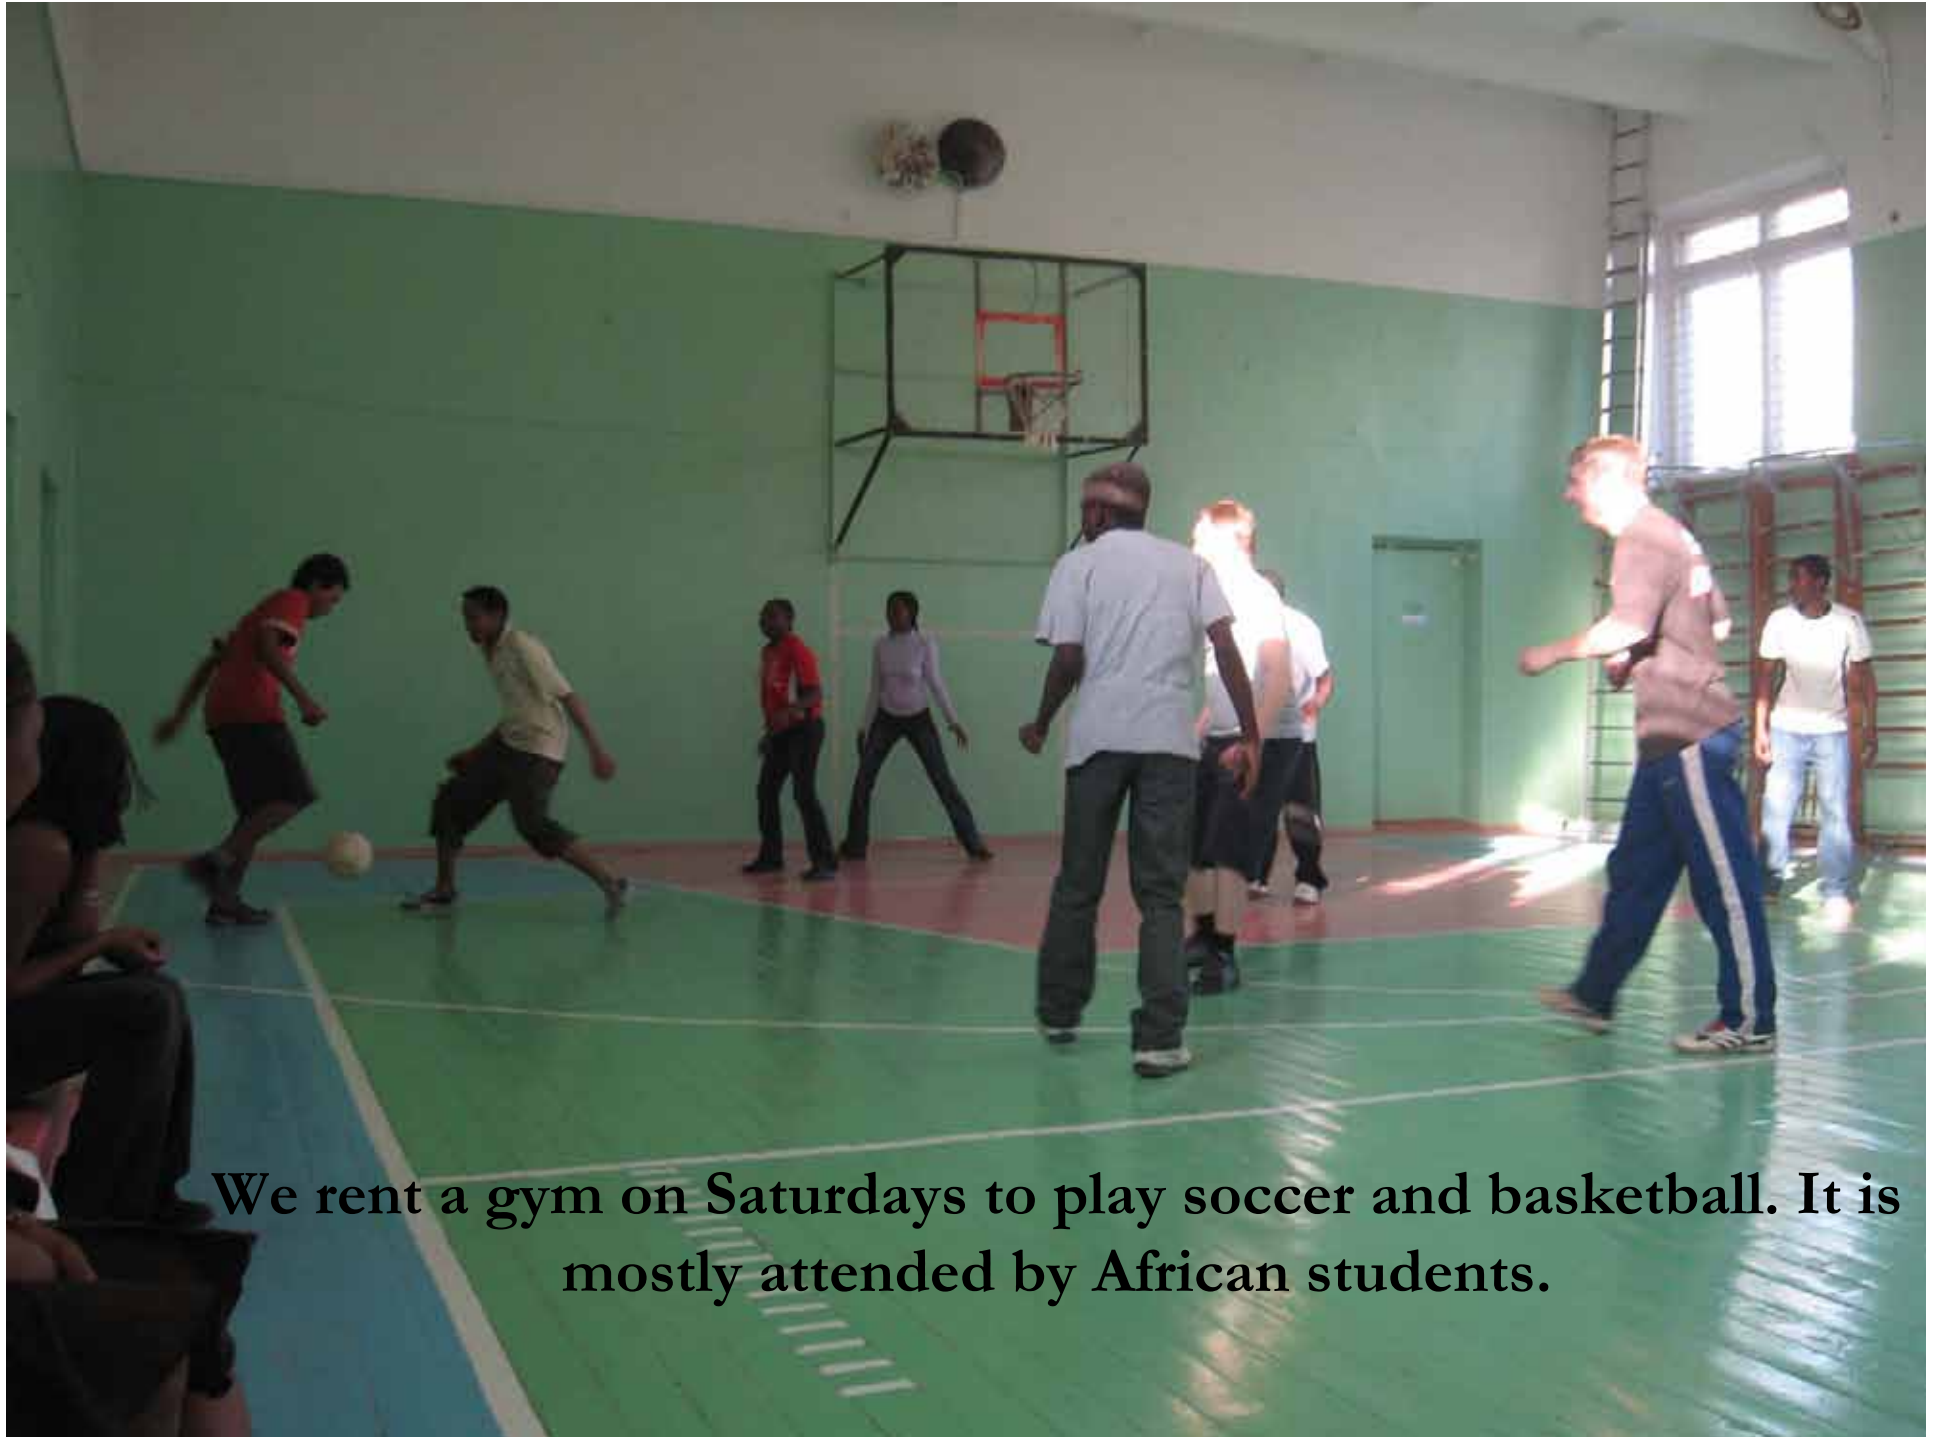

The disciples gathered together to pray.

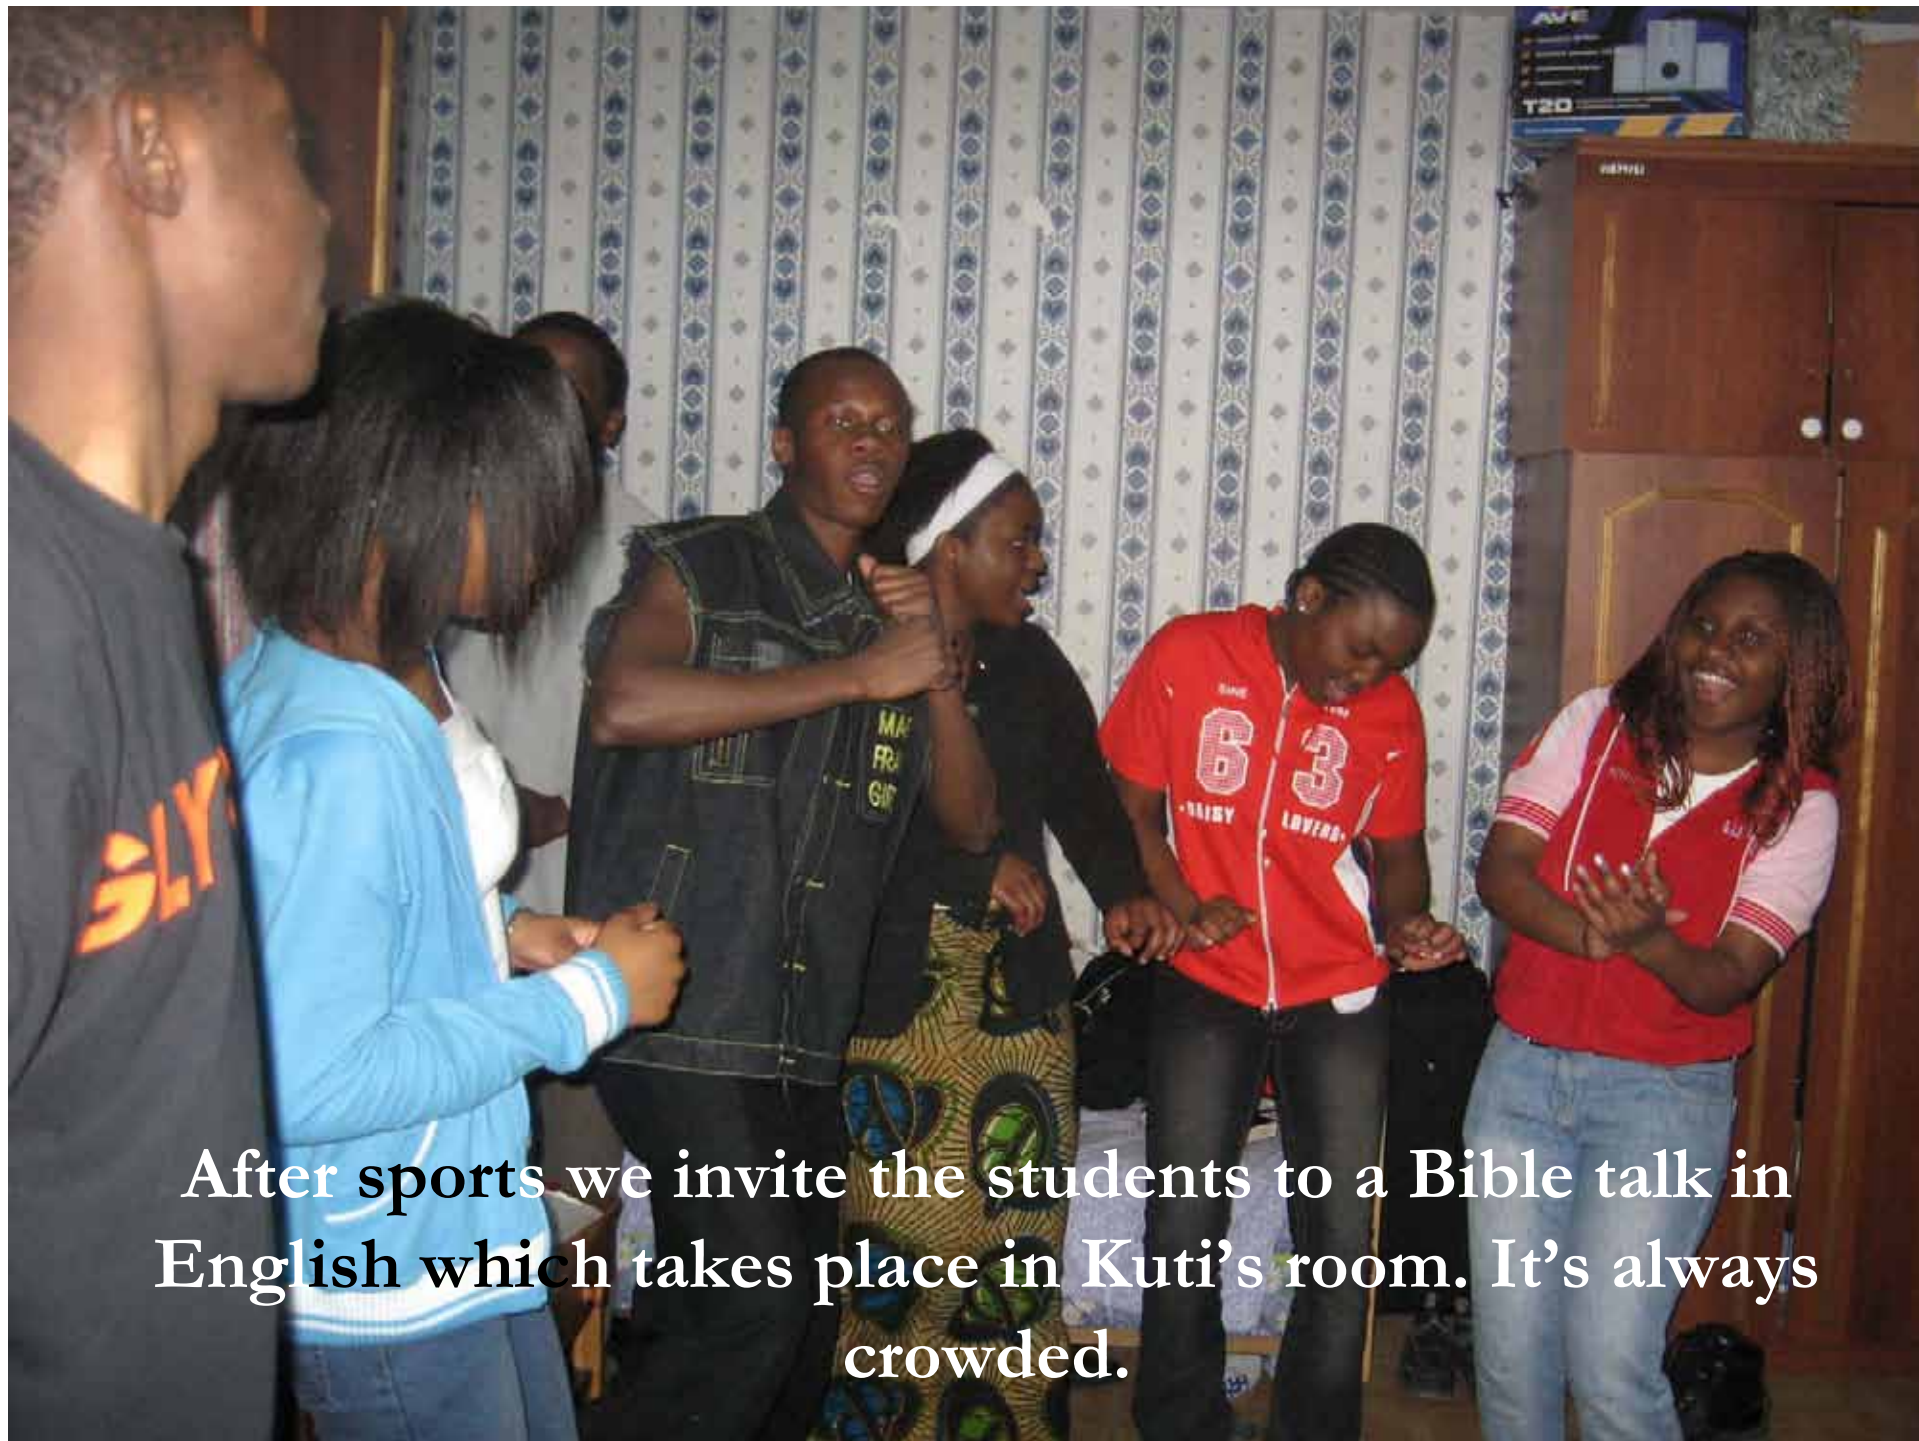

The Makarovs. They come from St. Petersburg almost every time to be at the Novgorod service and convert their neighbors from the village.

After a prayer the disciples shared their faith in pairs.

We rent a gym on Saturdays to play soccer and basketball. It is mostly attended by African students.

After sports we invite the students to a Bible talk in English which takes place in Kuti's room. It's always crowded.

On Sunday mornings we pray and sing on the shore of river Volkhov.

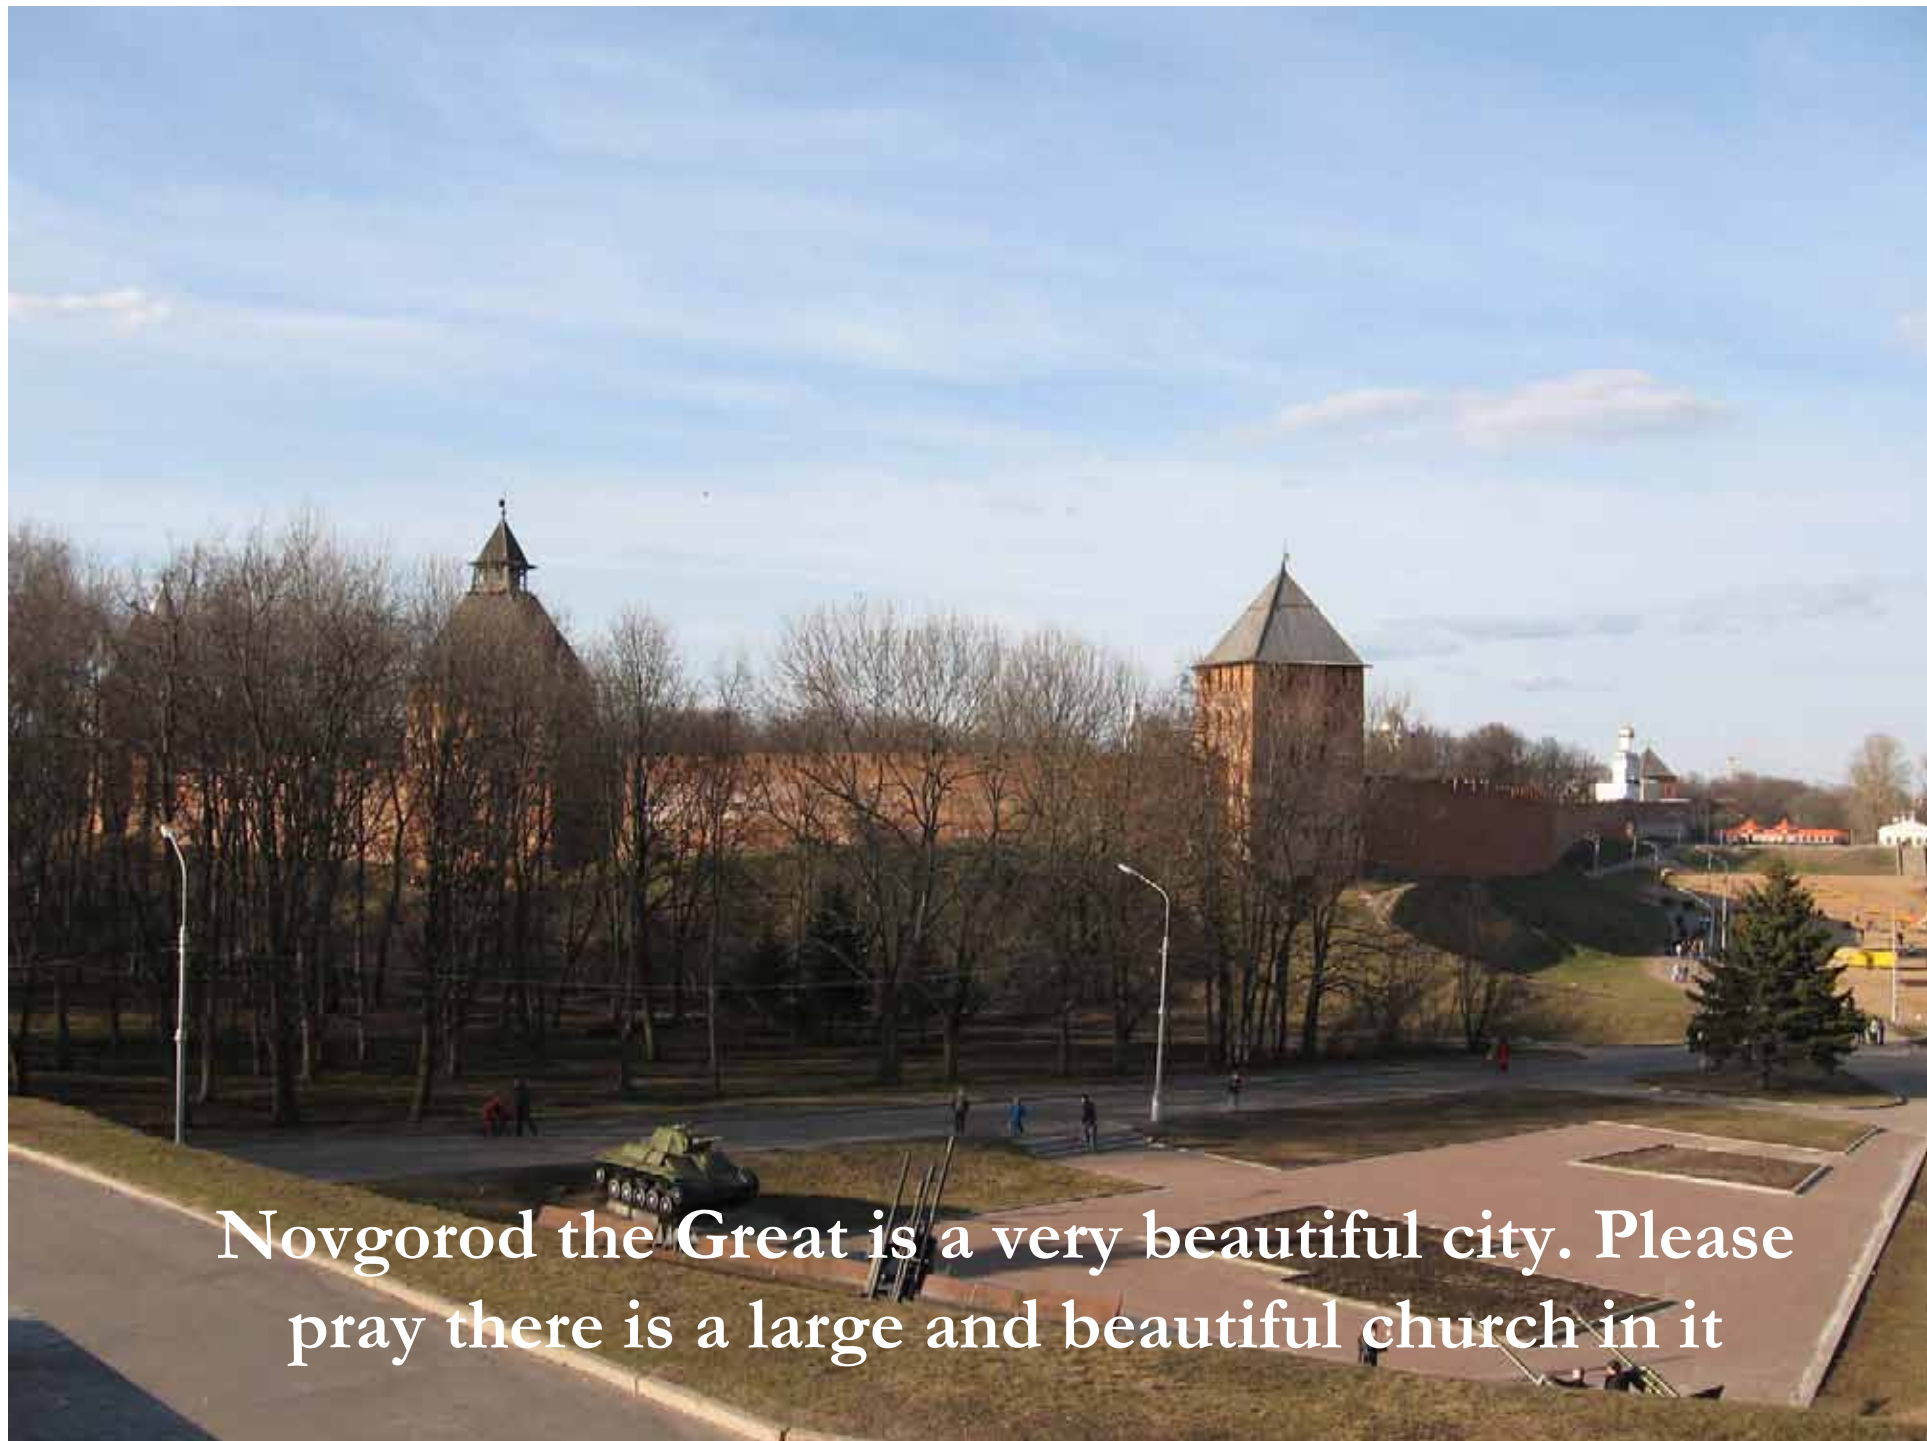

Svetlana came up to us while we were singing at our quiet time. She asked if we could teach her the words.

At the first service in Novgorod the Great on February,
18th there were 26 disciples and 23 guests

Most guests gladly stay after service to study the Bible.

Novgorod the Great is a very beautiful city. Please pray there is a large and beautiful church in it
